

Christmas Charity

Every year at Hunnyhill we support a local Charity that has supported or is supporting someone in our closer school community.

This year we are supporting the IOW branch of the Motor Neurone Disease Association (MND) who is currently supporting a family in our community.

MND is a fatal disease of the nervous system. It attacks nerve cells (motor neurones) that send messages from the brain to the muscles. As these motor neurones gradually die, the muscles stop working. Everyday, more damage is done and the body slowly deteriorates. People with MND live their lives totally dependent on others for their most basic needs.

This Christmas all the money we raise will go directly to help buy essential equipment that is vital for people with MND to stay living in their own homes close to their families.

Awnings

Our new awnings on the main playground and YR play area are now in use. These will be used in the wet weather so the children can still access outside play. The awnings can not be used in any windy weather. On wet days we will do our best to ensure the awnings are out to provide shelter before and after school.
