

Types and Functions of Teeth

Task 1: Guess what each tooth is called by drawing a line from the name to the tooth

Task 2: Draw where you think the teeth are located in the mouth. Use the colour code to support your answer. You can draw all the teeth or just one for each tooth to show their location.

Task 3:

Why do we have different types of teeth and what is their purpose?

Types and Functions of Teeth

Task 4: If you have access to a printer, cut and stick the functions of teeth into the correct boxes. If not, draw a picture of the mouth, label the correct teeth and write the

Name of tooth:

Function:

Name of tooth:

Function:

Name of tooth:
